PERSONAL INFORMATION AND SUMMARY OF PROFESSIONAL EXPERIENCE

I am a Sierra Leonean, born in March, 27 1963 in Gbalahun, Gbela Section, in Luawa Chiefdom, Kailahun District. I am married with two Children. I am an Educationist in the field of Agricultural Science and Human resource development, capable of working effectively both independently and in a group. I am presently a Lecturer in the department of Agriculture, Forestry and Pre-Vocational Studies, Eastern Polytechnic in Kenema. The institution where I have taught from 2002 to date, being the highest learning institution in the Eastern Region is contributing immensely to the middle man power needs of Sierra Leone in diverse ways. Graduating Candidates in their various field of study are employed all over the Country.

Apart from lectures, i have been supervising student's dissertation writing, and also, contributing towards module writings for Distance learning programmes in Kono and Kenema.

In 2010, I was appointed as Warden of Male Students, a position that requires dedication and commitment. The following year, I was duly elected President of the Senior Staff Association (SSA).

Within two (2) years as a leader, I have been able to bring the membership together, establishing good working relationship among colleagues and with the Administration.

PUBLICATIONS

I have published two (2) papers in the International Journal of Advanced Research and publications **IJARP** Volume 2 Issue 9, September 2018, on the following :-

- Assessing the level of Awareness and Involvement of Farmers in Agricultural Programmes Implemented in Luawa Chiefdom, Kailahun District, and Eastern Sierra Leone.
- Risk Communication in the Healthcare sector: A case study of Risk Communication Among the Doctors, Nurses, and Patients in Kenema Government Hospital in Sierra Leone.

EXPERIENCE FROM NATIONAL WORKSHOPS

As a participant, I have contributed towards the development of Technical and Vocational Education and Training (TVET) Curriculum and instructional Materials for ECOWAS region. These materials are now used in Technical and Vocational Institutions in Sierra Leone.

In 2005, I contributed to the HIV/AIDS preventive Education training of trainers and Teachers Educators for Bo and Kenema at the SLTU centre in Bo. I have also contributed to partners induction/orientation workshop organized by Plan Sierra Leone, Kailahun being the programme area, at Kingharma Road in Freetown.

In July, 1998, I participated in a workshop on National Awareness Raising Materials Production organized by NCDHR in collaboration with UNDP at British council Freetown.

CONSULTANT, GTZ (FSR) SIERRA LEONE

In October 2006, I served as Consultant for training Extension workers and Farmers on Vegetable cultivation in border towns of Kono and Kailahun supported by GTZ (FSR), Sierra Leone. Farmers in their various groups have been very effective in Vegetable crop production in Kono and Kailahun.

SUPERVISOR, POPULATION AND HOUSING CENSUS

Leader effectiveness is occasionally measured in terms of the leader's contribution to the quality of group processes, as perceived by followers or by outside observers. In November 2004, I served as supervisor during population and Housing Census in Luawa Chiefdom, Kailahun District.

SUPERVISOR, NATIONAL COUNCIL FOR TECHNICAL VOCATIONAL AND OTHER ACADEMIC AWARDS

Apart from being invigilator for NCTVA Examinations over the years, I was fully appointed supervisor for their Exams in April 2014, Pendembu, Sierra Rutile, SAIDAC Bo and Njala University Bo Campus.

SENIOR TEACHER SIERRA LEONE MUSLIM WOMEN'S EDUCATIONAL INSTITUTE (SLMWEI), KANKAYLAY

Teaching students, discipline and collaboration with parents, community elders and educational stakeholders are the basic fundamentals of the teacher's responsibility in the school. The school was initially a Girl - Child Secondary School, established to help Sierra Leonean girls to be educated. I served the institution for nine (9) years. After the first five (5) years, I was appointed Senior Teacher and Examiner for the first Basic Education Certificate Examination (BECE) in 1996.

Serving as an Examiner for both West African Senior School Certificate Examination (WASSCE) and Basic Education Certificate Examination up to date, meaning evaluating Sierra Leonean in public Examinations demands competency, proficient and a patriot.
